Information & Writ Mandamus

The purpose of this Mandamus, in this court of record, is to remind our servants that We the People vested them with certain powers; and, when servants abuse that power by creating unconstitutional agencies to spy on the People and imprison them for being a threat to unrestrained illegal activities of seditious servants, those seditious servants and those who aid and abet them are guilty of conspiracy to subvert the Constitution; and, they are guilty of high treason against the People. TERRORISM AGAINST ~~WE~~ THE ~~PEOPLE~~

Homeland Security's training for local law enforcement offers the following characteristics as a few of the hundreds of identifiers of a person who is a potential domestic terrorist:

- Expressions of libertarian philosophies (statements, bumper stickers)
- 25 ▪ Second Amendment-oriented views (NRA or gun club membership, holding a CCW permit)
- Survivalist literature (fictional books such as "Patriots" and "One Second After" are mentioned by name)
- Self-sufficiency (stockpiling food, ammunition, hand tools, medical supplies)
- 30 ▪ Fear of economic collapse (buying gold and barter items)
- Religious views concerning the book of Revelation (apocalypse, anti-Christ)
- Expressed fears of Big Brother or Big Government
- Homeschooling
- Declarations of Constitutional rights and civil liberties
- 35 ▪ Belief in a New World Order conspiracy
- Not consenting to searches

Militias are not terrorists, Veterans are not terrorists, Oath Keepers are not terrorists, Tea Party groups are not terrorists, Sovereign People are not terrorists, Campaign for Liberty groups are not terrorists, 912 Liberty groups are not terrorists, Libertarian groups are not terrorists, members of National Liberty Alliance (NLA) are not terrorists, 40 many other Liberty groups are not terrorists, ~~We~~ the ~~PEOPLE~~ are not terrorists:

SPYING ON AMERICANS IS ILLEGAL AND A DANGER TO LIBERTY

The FBI, federal intelligence agencies, military, state and local police, private companies, firemen and emergency medical technicians are gathering incredible amounts of personal information about ordinary Americans with no oversight; accumulating massive files that can be widely shared through new unconstitutional

50 institutions like Joint Terrorism Task Forces, fusion centers⁴, and public-private partnerships.

Five Departments of the unconstitutional Department of Home Land Security (DHS) components have intelligence missions, including the U.S. Citizenship and Immigration Services, U.S. Coast Guard, U.S. Customs and Border Protection (CBP), U.S. Immigration and Customs Enforcement (ICE) and the Transportation Security Administration (TSA).
55

The DHS Office of Intelligence and Analysis (OIA) manages the intelligence activities of these components, provides analysis, and represents DHS as a member of the federal Intelligence Community. At least one other DHS component, the Federal Protective Service, has spied on peaceful protesters and produced and disseminated intelligence reports despite the fact it has no authorized intelligence mission.
60

National Security Agency (NSA) has built the country's biggest spy center located at Utah National Guard Camp Williams in Bluffdale, Utah housing a 1.5 billion-dollar one

million square-foot massive twenty-building complex becoming the largest, most covert, and potentially most intrusive intelligence agency ever, examining and processing all forms of communications, including the complete contents of private e-mails, cell phone calls, tweets, and internet searches, as well as all types of personal data trails - parking receipts, travel itineraries, bookstore purchases, and other digital pocket litter.

William Edward Binney, a former highly placed intelligence official with NSA, after more than 30 years with the agency, turned whistleblower, resigning on October 31, 2001, shortly after the agency launched its warrantless wiretapping program stating:
75 *“They violated the Constitution setting it up; but, they didn’t care. They were going to do it anyway; and, they were going to crucify anyone who stood in the way. When they started violating the Constitution, I couldn’t stay... the warrantless surveillance program, codename Stellar Wind, was far larger than has been publicly disclosed; and,*
80 *included not just eavesdropping on domestic phone calls; but, the inspection of domestic*

⁴ A FUSION CENTER is an information-sharing center, many of which were jointly created between 2003 and 2007 under the U.S. Department of Homeland Security and the Office of Justice Programs in the U.S. Department of Justice. They are designed to promote information sharing at the federal level between agencies such as the Central Intelligence Agency (CIA), Federal Bureau of Investigation (FBI), U.S. Department of Justice, U.S. Military and state- and local-level government. As of July 2009, the U.S. Department of Homeland Security recognized at least 72 Fusion Centers. Fusion Centers may also be affiliated with an Emergency Operations Center that responds in the event of a disaster.

e-mail.” The former NSA official, holding his thumb and forefinger close together stated: *“We are that far from a turnkey totalitarian state.”*

SECURITY OF A FREE STATE BELONGS TO THE MILITIA

85 We the People did not authorize government to spy on the American People nor did
We the People authorize government to create agencies for security. The job of security
is an inalienable right that belongs to the People by a well-regulated militia which is not
to be infringed upon:

90 **AMENDMENT II:** *“A well-regulated Militia, being necessary to the security
of a Free State, the right of the people to keep and bear Arms, shall not be
infringed.”*

Spying violates the People’s right of privacy; and, thereby is prohibited:

95 **AMENDMENT IV:** *“The right of the people to be secure in their persons,
houses, papers and effects against unreasonable searches and seizures
shall not be violated; and, no Warrants shall issue but upon probable
cause supported by Oath or affirmation; and, particularly describing the
place to be searched and the persons or things to be seized.”*

Benjamin Franklin said; and, We the People agree: *“Any society that would give up a
little liberty to gain a little security will deserve neither and lose both.”*

100 National Liberty Alliance (NLA) has a presence in all fifty (50) States; and, upon
drawing from that pool in the spirit of Magna Carta, We the People have the authority
and unalienable right to hold the title “Unified United States Common Law Grand Jury”
with the purpose of arresting and bringing to justice, in courts of justice, subverts of the
United States of America. We the People have an absolute unalienable right and a duty
105 to save Our Republic, Our Posterity and Ourselves by any and all peaceful means
necessary; and, if unlawfully attacked by the terrorists who have seized control of our
government, we will meet such force with the overwhelming force provided by God and
the Second Amendment, afore quoted.

ABUSE

We have received thousands of reports from across the Nation of abuse perpetrated by judges ignoring the facts and the law; and, incarcerating People without due process; and, by federal agents trumping up charges, usually by labeling People as “sovereign citizens”. In contemporary vernacular, the term sovereign citizen has its roots in a shoot-out, following a routine traffic stop in Arkansas, which turned into a violent confrontation between police and a father-son pair of so-called “sovereign citizens”. According to the corporate-controlled media, this event, which occurred on July 1, 2010, “*brought attention to a so-called ‘secretive and dangerous subculture’ who believes American laws don’t apply to them.*” In short, if you do not like some aspect of government, you are now one of the new domestic terrorists; and, should be subject to governmental control outside the bounds of Constitutional protections.

The strategy is simple: if one criticizes the government in any form, they can be labeled a sovereign citizen. If the government can label one a sovereign citizen, then that citizen has no rights; and, ostensibly, the government can do what they will with that citizen. This is a very slippery slope; and, the government and its police agencies are fully committed to this strategy. For more details read the June 3, 2015 Mandamus concerning Terrorism filed in all ninety-four (94) federal district courts found at: <http://nationallibertyalliance.org/rico>.

On January 14, 2016, New Jersey Office of Homeland Security (NJOHSP) sent an unclassified “Intelligence Note” concerning the seized Malheur National Wildlife Refuge (see Exhibit “A” attached) making the following fraudulent allegations:

FALSE ALLEGATION NO. 1: “*A sovereign-citizen group, the National Liberty Alliance (NLA), which has a presence in New Jersey; and, some white supremacists, have endorsed the takeover.*”

CORRECTION: It is true that National Liberty Alliance (NLA) does have a presence in New Jersey as well as all the other forty-nine (49) States; and, upon drawing from that pool in the spirit of Magna Carta, ~~We~~ the People have the authority and unalienable right to hold the title “Unified United States Common Law Grand Jury”. NLA is not part of an alleged “sovereign-citizen group”; but, is, in fact, an assembly of People that provides a website for the purpose of facilitating a free Constitutional education; and, that provides for the organizing and assembling of the People to exercise their “unalienable right of government by their consent”; and, thereby, return America to her roots.

150 **SOVEREIGN CITIZENS GROUP:** The existence today of a group called “Sovereign Citizens” is purely in the minds of those terrorists that have seized control of the United States of America by the orchestration and aid of the BAR Association, thereby using the corporations to over-shadow our government, i.e., the Peoples’ Constitutional Trust, thus illegally and covertly subverting our Republic and replacing it with “corporatism”.

Had the “unnamed” OHSP Analysts visited www.NationalLibertyAlliance.org, they would have found the following disclaimer prominently displayed on the front page.

155 **DISCLAIMER: WE ARE NOT PART OF THE SOVEREIGN CITIZENS MOVEMENT.** *“We do not endorse or entertain the fiction; such as bills of exchange, redeeming and/or discharging through trust accounts; nor, do we involve ourselves with contracts, commercial liens and the exchange of an oath of office for a value. We do not encourage or teach people to write declarations, drive without driver’s licenses and revoke their voter’s application, their birth certificate or their social*
160 *security number. The power of the Grand Jury is to write True Bills of Indictment, True Bills of Presentments and True Bills of Information; and, the courts are to respond with enforcement; but, they have not.”*

165 Had the “unnamed” OHSP analysts visited the link, they would also have found a message to Law Enforcement Agents⁵ explaining who NLA is and its goals. And, had they read the front page, they would have found that NLA upholds the principles of our founding fathers. The “unnamed” OHSP analysts, without rhyme or reason, maliciously named NLA alongside “white supremacists” causing the reader to conclude that NLA is a hateful and radical group, when in fact, they uphold, encourage and teach the law of the land.

170 National Liberty Alliance does not support the takeover of the federal building by the Bundys in Oregon. Where did the OHSP analysts get this information? Members of NLA have text messages and recorded phone calls to Ammon and Ryan Bundy telling them that they should not have taken the federal building; and, that they should leave; NLA does support the Bundy’s position concerning the Hammonds.

175 **FALSE ALLEGATION NO. 2:** *“The leader of the takeover, Ammon Bundy, claims his group - the Citizens for Constitutional Freedom - occupied the building to protest the recent conviction of two Oregon ranchers who set fire to federal land in 2001.*

⁵<http://www.nationallibertyalliance.org/files/juristdocs/MESSAGE%20TO%20LAW%20ENFORCEMENT.pdf>

180 **CORRECTION:** In 2001, the Hammonds did a routine-prescribed burn on their private property to improve the productivity of the range for the following year, calling the BLM Fire Dispatch for permission, which they received; the BLM was performing prescribed burns a short distance away. The fire moved onto Hammond grazing land; burned 127 acres of public land; which caused no concern since these burns benefit land health and productivity; however, the BLM reprimanded the Hammonds for not getting permission to burn on public land. The 2006 back fire was to extinguish a fire that 185 claimed thousands of acres, burned for days, was moving towards the Hammond ranch. The fire break saved the land; unlike the federal agents who vindictively set fires to ranchers' land, cattle and at least one home, in an effort to intimidate them off the land.

190 **FALSE ALLEGATION No. 3:** *“This week the sheriff of Harney County - where the standoff is taking place - publicly stated that militia members were parking outside law enforcement officers' homes and intimidating their families.”*

CORRECTION: Former Harney County Fire Marshal Chris Briels caught the FBI, posing as militia, parked in front of homes of law enforcement officers.

195 **FALSE ALLEGATION No. 4:** *“On January 5th, NLA on Facebook requested its followers to call the US District Court of Oregon and file fraudulent paperwork demanding the release of the two Oregon ranchers.”*

200 **CORRECTION:** NLA did not request anyone to call the US District Court of Oregon; or, to file any papers with the court. The Unified United States Common Law Grand Jury, under its own authority, on December 31, 2015, filed a Writ of Habeas Corpus, Order to Show Cause and Writ Certiorari on behalf of the Hammonds of which all respondents defaulted; and, therefore, an Affidavit of Default was filed on January 8, 2016.

205 Considering all the resources put into gathering information, it is unconscionable that the unconstitutional agency and its dozens of departments can get “everything” so wrong. Considering the tsunami of information pouring into NSA, the Unified United States Common Law Grand Jury can only conclude that they get it wrong on purpose to chill the People suffering from their abuses that are fighting back; and, to chill those who discover the subversion against the United States of America. It is also our 210 conclusion that since the CIA is not to operate on American soil, NSA was created to do what the CIA could not; and, for all intents and purposes, NSA is an arm of the CIA, controlled by foreign and domestic terrorists that have seized control of all three (3) branches of our government.

WHEREFORE:

215 We the People “**COMMAND**”: All governors to stop aiding and abetting the
unconstitutional National Security Agency, all the Departments of NSA and all other
unconstitutional institutions such as Joint Terrorism Task Forces, Fusion Centers⁶ and
public-private partnerships that spy on We the People within their respective States.
Governors are responsible for guaranteeing a Republican form of government. Were a
220 governor to refuse to comply with our command, that governor would become a co-
conspirator of sedition.

We the People “**COMMAND**”: All governors to order all federal agents that are
occupying State land under the guise of territories to leave the respective states
immediately; and, if federal agents refuse to leave, order all Sheriffs within your
225 respective states to dispossess any/ all federal agents by force if necessary. Territories
are “*a portion of the United States, not within the limits of any state, which has not yet
been admitted as a state of the Union; but, is organized, with a separate legislature;
and, with executive and judicial officers appointed by the president.*” American Law;

(See: Writ Mandamus, Order to Show Cause and Writ Certiorari dated January 13,
2016) The land and its resources belong to the People of the respective States; and, the
State is responsible for the proper management of the land to benefit all the People of
the State and the United States of America through fair trade of its resources among the
235 states.

We the People “**COMMAND**”: All Senators and Congressmen to shut down all
unconstitutional agencies that are spying on We the People by striking as null and void
all legislation that unconstitutionally created them. Each and every member of Congress
is responsible for guaranteeing a Republican form of government;⁷ were any Senator or
240 Congressman to refuse to comply with our command, that one would become a co-
conspirator of sedition.

Militia Standoff in Oregon

Militia members early this month illegally seized the Malheur National Wildlife Refuge—a federal compound near Burns, Oregon, about 300 miles south of Portland—to protest the federal government's ownership of the land. Local law enforcement has reported harassment and damage to federal property, but the takeover so far has been largely peaceful. There are an estimated 15-20 individuals occupying the building with an unknown number of militia members outside providing support. A sovereign-citizen group, the National Liberty Alliance (NLA), which has a presence in New Jersey, and some white supremacists have endorsed the takeover.

- The leader of the takeover, Ammon Bundy, claims his group—the Citizens for Constitutional Freedom—occupied the building to protest the recent conviction of two Oregon ranchers who set fire to federal land in 2001. In 2014, Bundy was involved in a similar standoff in Nevada, largely over cattle grazing rights.
- This week, the sheriff of Harney County, where the standoff is taking place, publicly stated that militia members were parking outside law enforcement officers' homes and intimidating their families. In addition, on Monday, occupiers damaged government property by removing a \$100,000 fence to allow cattle to graze on federal land.
- On January 5, the NLA on Facebook requested from its followers to call the US District Court of Oregon and file fraudulent paperwork demanding the release of the two Oregon ranchers. According to Western media, while no official link exists between white supremacists and anti-government extremists in Oregon, the leader of the Northwest Front—a white separatist group—expressed his support for the standoff online on January 2.
