

**"HIDE IN YOUR SHELL" BY SUPERTRAMP**  
**FROM THE ALBUM CRIME OF THE CENTURY**

*Hide in your shell, 'Cause the world is out to bleed you for a ride  
What will you gain making your life a little longer?  
Heaven or Hell, Was the journey cold that gave you eyes of steel?  
Shelter behind painting your mind and playing joker*

*Too frightening, to listen to a stranger  
Too beautiful, to put your pride in danger  
You're waiting for, someone to understand you  
But you've got demons in your closet  
And you're screaming out to stop it  
Saying life's begun to cheat you  
Friends are out to beat you  
Grab on to what you scramble for*

*Don't let the tears linger on inside now  
'Cause it's sure time you gained control  
If I can help you, if I can help you  
If I can help you, just let me know  
Well let me show you the nearest signpost  
To get your heart back and on the road  
If I can help you, if I can help you  
If I can help you, just let me know*

*All through the night  
As you lie awake and hold yourself so tight  
What do you need, a second-hand movie star to tend you?  
I, as a boy, I believed the saying, the cure for pain was love  
How would it be if you could see the world through my eyes?*

*Too frightening, the fire's becoming colder  
Too beautiful, to think you're getting older  
You're looking for, someone to give an answer  
What you see is just illusion  
You're surrounded by confusion  
Saying life's begun to cheat you  
Friends are out to beat you  
Grab on to what you can scramble for*

*Don't let the tears linger on inside now  
Because it's sure time you gain control  
If I can help you, if I can help you  
If I can help you, just let me know  
Well, let me show you the nearest signpost  
To get your heart back and on the road  
If I can help you, if I can help you  
If I can help you, just let me know*

*I wanna know, I wanna know, I wanna know  
I got to know, I wanna know you, I wanna know you  
Well let me know you, I wanna feel you  
O' I wanna touch you, Please let me near you  
Let me near you, Can you hear what I'm saying?  
Well I'm hoping, I'm dreamin', I'm prayin'*

*I know what you're thinkin'  
See what you're seein'  
Never ever let yourself go  
Hold yourself down, hold yourself down  
Why don't ya hold yourself down?  
Why don't you listen, you can trust me*

*O' There's a place I know the way too  
A place there is no need to, to feel blue, to feel that you're all alone  
O' wont you Hear me  
I know exactly what you're feelin'  
Cos all your troubles are within you  
So begin to, to see with eyes simply new  
O' help me help you, tell me the way to help me help you  
Get what you need, So much yo gotta,  
So much ya gotta, So much ya gotta do  
So much ya gotta do, So much ya gotta do,  
So much ya gotta, So much ya gotta,  
So much ya gotta do*
