

FOUNDATIONAL STUDY - PHASE I - THE REVOLUTION TO CONQUER PROGRAMMED IGNORANCE

America's Achilles Heel - identifying our weaknesses

Article IV, Section 4 of our **United States Constitution** guarantees to every state in the Union a Republican Form of Government. Our Public School System has failed the nation going back several generations in teaching the People about our American Heritage.

Everything that is bad or failing in America today can be traced back to our lack of education in Four areas; three of which have to do with two documents; the Constitution for the United States and the Declaration of Independence. The last area has to do with Civics and government and our understanding of how it functions. Our Public School System no longer teaches any of these documents, nor their history. It hasn't taught Civics in the past 70 years. If it is not taught, it cannot be learned. And yet, to hold public office our elected officials have to take a sworn oath of office to abide in the Constitution and to protect both the people and the laws of the land. If you are wondering how that can be a valid lawful oath, you are not alone in your asking.

We are woefully uneducated, and our purpose here at National Liberty Alliance is to minimize that condition as quickly as possible, for there is much work to do in correcting several generations of bad law, bad law makers and arrogant uneducated legislators. Our dire condition did not come to us overnight. It will not go away overnight. Many hands and minds working together and in harmony will lighten the load for all of us. We seek your participation and ask you to get involved with us now, for tomorrow might be too late and the obstacles greater and made more difficult to overcome. This is a structured self-study. Proceed at your own pace. Please view the **Special Welcome Message video** under the **Welcome** tab (blue banner at top of page). If you have questions contact your state coordinator (under the Directory) or your Welcome committee person in your state. You must be logged-in to see that directory. (Under Committees tab; Welcoming Committee; Welcome Committee Management).

To minimize the present circumstance we find ourselves strapped down in; a state of inaction, apathy and distrust,... the **Achilles Heel**, as it were, we must, as a people, now rise to the occasion to throw off the shackles of Programmed Ignorance here and now! **America's Achilles Heel is our own Ignorance of its laws, its History and our Heritage.**

"I know no safe depository of the ultimate powers of the society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education. This is the true corrective of abuses of constitutional power." **Thomas Jefferson**

Our laws were written so that We the People would have Liberty and Freedom to go about our daily lives as responsible citizenry of the communities, and to limit and contain the actions of our servant government. It was written to chain down THEIR actions, not ours. Remember, the servant cannot rule over the master; can the clay rule over the potter?

It is the **Bill of Rights** which belongs to **We the People**. It instructs our servants as to what they CANNOT do. No laws shall be made to control the behavior of the people. Man is endowed by his Creator with certain unalienable rights that among these are Life, Liberty and the pursuit of Happiness. These Natural Rights are not transferable, nor is government allowed to interfere with them. They cannot be given away nor can they be taken away. Man's creation does not have power over man's Creator. Only people are sovereign and have rights. Bureaucrats, in their capacity, are not sovereign and have neither rights, nor immunities when they have a duty to speak.

The **Constitution** is the law of the land and was designed to RESTRICT the actions of our Servant government so that we may remain a Free people. It instructs [LIMITS] our Servants on what they CAN do in Article 1, Section 8, Clauses 1-18. If it is not written in the **Constitution**, then the Congress has no authority to act.
