

FOUNDATIONAL STUDY - PHASE I - THE REVOLUTION TO CONQUER PROGRAMMED IGNORANCE

Foundation Study

A Place to Start for a New Beginning; a Common language to Learn for a Common People.

So, let us get right to it: Bookmark this link, so you have a point of reference and we don't lose you back to the ether of a gazillion distractions. From this link you can pivot to any of the tabs above and then back to here. Your time is as valuable to you as ours is to us, so let's continue. We are four years old in April 2017. We have not squandered that time. Many consider our website as their 'home away from home'. We invite everyone to join us. Membership is Free, our libraries are Free and our Courses are Free. Voluntary Donations are encouraged to support our great effort to take back our courts and to return our nation to the Republic it was designed to be. We don't operate like the Welfare State. We need your monetary well wishes to keep our doors open. Please don't forget us each month. Prayers acceptable also.

We don't wish to overwhelm you, or confuse you, for we are a very large website. One could spend several hours a day for the next 5 years and never read the same document twice. Really. Right now we just want to lay in a Foundation or structure that you can build on so as to make the most of the time you spend with us. We all win when we all learn. We the People have power, we just need to know where to find it and learn our Rights and where they come from and then act on them. We must learn to THINK free that we may ACT Free. Come and join us. We welcome your participation.

"If I have seen further than others, it is because I have stood on the shoulders of giants."

Isaac Newton.

The Primary NLA Cornerstones are our **Common Law Handbook** and the **Constitution Class**. Please set aside 2-3 hours to begin this course so that you may get through at least the Introduction and first three Chapters during your first visit. There are 12 chapters in all. Average time to complete runs about 10-12 hours.

Hold your cursor over the **Free Courses** tab in the blue banner above. Move it down to Constitution Course. Then click on Constitution Course Directions and read the directions. This is a very unusual course on our Constitution. While it takes only 12 hours to complete, don't make the mistake of selling it short, but expect a new understanding of your American Heritage after you have completed it. When you are done with the last chapter, it will ask you to print out the course and read the questions again so as to review. Upon completion, you will be provided with the test answers on a separate page. During your review, please fill in the answers in the blanks on the test pages. You will find it helpful in your studies to have these documents housed

in a large three ring binder. This Course should be your first document for safe keeping. Then include the other two documents in your binder as well. I found the use of the plastic sleeves helpful in the preservation of our documents.

[A reminder: For a quick snapshot of who National Liberty Alliance (NLA) is, and what it is we do and where we are going seven days a week, click on the *WEEKLY CALL* at the top left of the page just above the Blue Banner and follow the directions. We have never missed a **Monday Night Call** at 9PM Eastern Time. Please join us, and be sure you are logged on every time you do as some material is only visible to members who are logged in].

After you have signed up and completed the first 3 chapters of our **Constitution Class**, be sure to bookmark FREE COURSES so you can go directly there until you have finished the courses. Return to the initial page you bookmarked, **Introduction/Orientation** page and look in the right hand margin for the Common Law Handbook for Jurors, Sheriffs, Bailiffs and Justices. Coupled with our Constitution Class these two education tools form a Dynamic Duo to leverage for you a powerful understanding of our beautiful law previously hidden from your view. You will find it about 2/3 or more down the page. Click on the booklet. Then download the PDF, print it out, read it and stick it in your 3 ring binder. Before doing so, you may wish to reread this document several times with a yellow highlighter pen in hand. NLA members sent this same handbook to all 3133 county sheriffs back in 2014. That first order of 50,000 copies went fast. Current donations do not allow us to place another order of these books just now. Ok, now...back out of that document.

Hold your cursor over the **Education** tab. Move it down to Essays/Lectures. To the right scroll down the page till you see Articles and Essays and click on it. Scroll down the page to Jury Nullification and 2nd Amendment and click there. Download the document, read it and then stick it in your 3 ring binder.

Go back out of that document and then hold cursor over **Education** tab again.

Move the cursor to Founding Documents. To the right, click on Founding Documents. Scroll down to The Declaration of Independence. Download and print it out, read it and then stick it in your 3 ring binder. It is important for us to know what it was that brought forth this great experiment, never before in the history of mankind tried. Go back out of that document, scroll up the page to History of the Declaration, Download it, read it and then stick it in your 3 ring binder.

This next part is under construction: Then click [on a new separate tab] here to learn of the man who changed the course of History; America's foremost and first founding father, Thomas Paine. A Historical accounting of Thomas Paine The Most Valuable Englishman Ever – A most proud time in American History that our Public School System could no longer hide from view. Youtube at that title. <https://www.youtube.com/watch?v=1Gu2c2iNoOU> Part I and Part II. **April 2017 update:** The same country that branded Thomas Paine “enemy of the state” and the same country that brought us the Revolutionary War, War of 1812 and the Civil War along

with other dastardly deeds, has seen to it that this fantastic historical accounting was removed from Youtube on some bogus accounting of *rights infringed*. We are making every effort to locate a copy of this 1982 production.

Special Notice – the NLA Introduction/Orientation page you bookmarked is found under the **Committees** tab – link to via the [Welcome Committee](#) and is called the [Welcoming Committee Home Page](#).)

Hold your cursor over the **Welcome** tab above (blue banner). Click on [Welcome](#). Scroll all the way to the bottom of the page, and watch the 14 min video “[Pathway to Liberty – The Forefathers Monument](#)”. Another profound lesson in our history and American Heritage.

There is nothing wrong with our laws....as long as they are followed by honorable men and women. Place your cursor again on the **Education** tab, move to [Founding Documents](#) and then scroll down page till you see [The Militia Act of 1792](#). Download it, read and highlight it and then stick it in your 3 ring binder. If you are between the ages of 17-45, you might appreciate this document more, but every American needs to read it. Back out of that document and move your cursor to the **COS** tab (blue banner top of page) . Click on the first sub-title [Committees of Safety](#). Scroll down the page till you see “Committee of Safety Documents”. Click on [COS Flyer2](#). Download, read and print to stick in your 3 ring binder. You should now have a total of eight (**8**) documents in your 3 Ring Binder.

Place cursor on Committees (Blue banner top of page), then Welcome Committee and click on **Welcome Committee Home Page**, then

Learning How to Learn – Anything

Ron Flick - Welcoming Committee Director.
